Carnegie Mellon University, Pittsburgh, PA, May 2029 – GPA: 3.92/4.0

Bachelor of Design, Additional Major in Human-Computer Interaction

SKILLS

Programming: Python, Java

Software & Tools: Unity, Maya, Figma, Framer, Adobe Illustrator, Procreate, LaTeX, Google Workspace

EXPERIENCE

Laser Fiber Optics, Columbia, MD May 2026-Present *UI/UX & Photonics Product Development Intern*

- Design and develop the company's website, translating business and technical capabilities into a professional UI/UX experience using Figma and Framer.
- Collaborate directly with company leadership to define website structure, visual identity, content, and user experience for a photonics engineering and manufacturing company.
- Support development and manufacturing of photonic products and components through hands-on optical and fiber-optic processes.

CMU National High School Game Academy, Pittsburgh, PA June 2024–July 2024 *Game Design & Development Pre-College Program*

- Designed and developed two downloadable Unity games, collaborating across art, programming, music, and game design.
- Managed project timelines, coordinated interdisciplinary teams, and guided creative direction.

KidzArt, Howard County & Chinese School September 2022–December 2024 *Teaching Assistant*

- Facilitated art activities for 100+ children ages 4–11.

LEADERSHIP

Awareness in Roots For Chinese Culture, 2026 *Graphics Chair*

- Create promotional graphics and visual marketing materials for organization events, including the visual design of CMU Spring Carnival's Doghouse.

Howard County Chinese School Youth Journalist Group, 2021–2024 *Founder & President*

- Founded and managed a publication serving 750+ students, doubling readership through social media; conducted interviews and coordinated contributors.

National Art Honor Society, 2021–2024 *Co-President*

- Led initiatives for 60+ members, including murals and an Art Extravaganza for 800+ students.
